

NORTHBOUND HAMPTON BOULEVARD BRIDGE REHABILITATION

PROJECT INFORMATION

Northbound Hampton Boulevard Bridge is scheduled for rehabilitation! The rehabilitation will repair key structural components of the bridge and protect them from deterioration.

SCOPE OF WORK

- New deck overlay
- Structural concrete repairs
- Girders, piers and piles
- Replacing bearing and expansion joints
- Replacing timber fender system.

PROJECT SCHEDULE

Start: July 11, 2022

Completion: Mid 2023

CONSTRUCTION IMPACTS/TRAFFIC

- Construction will take place Monday—Friday from 7:00AM to 5:00PM.
- Off-duty police and flaggers may assist with traffic.
- Motorists should expect alternating lane closures and intermittent traffic stoppages.
- Alternating lane closures and traffic shifts will remain in place 24/7.
- Traffic lanes approaching the bridge will taper and merge. Traffic lane closures will include reduced northbound lanes during the majority of the project. One southbound lane will be converted to a northbound lane during Phase 3, which will reduce southbound traffic to two (2) lanes. The east side sidewalk will be closed during Phases 2 & 3.
